Payment plans available! Register online or by phone

Family Share: \$540 Mini Share: \$432

COMMUNITY
SUPPORTED
AGRICULTURE

What is a CSA?

CSA is an acronym for **Community Supported Agriculture**; a popular way to support a local farm, learn how your fruits and vegetables are grown, eat healthy, and connect directly to a farmer.

You purchase a 'share' of our farm, committing to a 17-week season, and in return, we deliver your weekly share of fresh produce to a drop site of your choosing. Each week, the contents of your share will change depending on what is in season.

Meet the Family!

Our farm has been in operation for over 50 years. While we couldn't operate successfully without the help and expertise of our wider team, the Untiedt's family is still at the core of the business. It is our pleasure to bring you the best quality produce from a Minnesota growing season.

What we offer:

Perfect for a household of 3-4 people. It features 7-10 different items each week and will have all the quantity and variety our farm has to offer!

Designed for those who have a smaller household of 2 people. Featuring less quantity and less variety, the Mini is a way of introducing farm fresh produce into your weekly meals.

Member Benefits:

- · Visit with Jerry Untiedt and Paul Nelson, learn how your produce is grown, and enjoy a farm fresh meal. *COVID-19 Permitting*
- · Both share sizes include fruit! Strawberries, watermelon, cantaloupe, and apples when weather permits.
- · Weekly newsletter updates from the farm including recipes and storage information to help you make the most of your share.

What our CSA Members are saying:
